THE MAGIC OF SUMMER
Dear Guests, Dear Friends,

Summer in Lech possesses its own unique magic.

When the mountains glow in vibrant shades of green, the crisp alpine air carries the scent of freedom, and the sun is bathing the peaks in golden light, our village transforms into a sanctuary of peace and vitality.

At "Gasthof Post" we wish to share this enchantment with you. Here, alpine authenticity meets timeless elegance, and the feeling of arriving turns into a true sense of coming home. Set against the breathtaking scenery of the Lech mountains, we invite you to experience the beauty of nature with all your senses - whether hiking along tranquil paths, savouring regional delicacies on our sun terrace, or finding deep relaxation in our "Post" Beauty & Spa.

As a member of the Relais & Châteaux family, our commitment is to offer you not only the highest level of comfort but, above all, heartfelt hospitality and a sense of belonging. Every moment is meant to become a cherished memory - inspired by the strength of the mountains and the warmth of our property.

Here's to shared hours filled with indulgence, lightness, and joie de vivre!

We look forward to welcoming you!

The Moosbrugger Family

The Moosbrugger Family

With the year 2026, we are opening a visionary new chapter in the continued evolution of Hotel "Post". By relocating our laundry to the new building, completing our staff residence, and unveiling eight exclusive new double rooms, we are creating space for contemporary comfort and sustainable quality.

At the "Post", indulgence is not limited to your plate. It is the feeling of being able to truly let go and unwind. A glass of wine from our well-curated cellar, the warm smile of our service team – these are the moments that linger.

For true indulgence is never loud. It flourishes where you feel completely at ease, where time ceases to matter, and where every detail is crafted with love.
