SO CLOSE TO NATURE

Indulgence at the Formarinhütte

Our gem: the new Formarinhütte. Family-owned for decades, the hut is a wonderful place for us as a family and for our guests to linger and enjoy.

During the summer of 2021, the old hut had to make way, as the many years and a few storms had taken their toll on it. The new hut was completed during the summer of 2023, and we are very proud to have rebuilt our very own personal power place as naturally and environmentally friendly as possible.

Once a week there is a guided tour with hiking guide Elisabeth to the hut to eat "Kässpätzle" together. You should not miss out on this.

Our tip: Lake Butzensee

A natural high mountain lake located at 2,124 metres in a mountain saddle hollow, surrounded by the Mohnenfluh and the Braunarlspitze. Lake Butzensee has an incredibly calming effect and lets you forget everyday life for a few moments. Watch the glistening surface of the water and enjoy the tranquillity of the mountains.

Weekly Package

Bookable: 14.06.24 - 29.09.24

Enjoy 7 nights with half board, free use of the spa area, daily afternoon tea & daily newspaper of your choice.

From € 2.860 for two persons in a double room

FRESH AIR IN SUMMER

Where activity meets relaxation

Summer holidays in Lech: The region at the Arlberg has a very special appeal in summer. Go on long and short hikes with experienced mountain guides, eat Kässpätzle at our Formarin mountain hut or have breakfast amid blooming summer meadows.

Hiking is a discovery of nature, a healing source of relaxation and calm, far away from any hustle and bustle. The fantastic mountain world around Lech is a vast hiking paradise with over 350 km of marked trails.

Our hiking guide Elisabeth will accompany our guests on exciting hikes three days a week next summer.

A WELL-ROUNDED CHALLENGE

The Arlberg Trail

The Arlberg Trail is a sporty long-distance hiking trail that connects the five Arlberg villages of Lech, Zürs, Stuben, St. Christoph and St. Anton.

This signposted circular hiking trail stretches over a total length of 50 kilometres, around a fifth of which is covered by cable car. Ideally, you should set off from St. Anton, Lech or Stuben in a clockwise direction so that the routes and cable car rides dovetail perfectly.

If you don't want to complete the entire circuit, you can also choose individual stages or easier alternative routes.

Golfing pleasure at the Arlberg

Play golf at the Arlberg at the highest level. The 9-hole course in the Zuger Tal opened in 2016 – now guests have the opportunity to play on Austria's highest golf course in a breathtaking landscape.

The 5-star hotel "Gasthof Post" is one of the initiators; and house guests receive green fee rebates. The practice facility in Lech at the Arlberg golf school is available for taster sessions and golfing proficiency courses.

Golf Unlimited

Bookable: 14.06.24 – 29.09.24

Enjoy 2 nights including half board, unlimited green fee for 18 holes on all courses in Vorarlberg & Tyrol, as well as a spa voucher for € 50 per person and use of the spa on the day of departure until the evening

From € 1.300 for two persons in a double room

A paradise in the mountains

The modern wellness area of our 5-star hotel "Gasthof Post" combines simple elegance with a profound effect on body, mind and soul. Here you will experience unforgettable hours surrounded by the impressive mountain scenery.

Our year-round heated outdoor pool blends perfectly into the landscape and invites you to take a refreshing dip. All your senses will be engaged here. This passion for pampering our guests has lasted for generations and is at the heart of our philosophy.

Together with the kids pool, the outdoor pool is a favourite swimming area for young and old. Our pools are reminiscent of the clear mountain lakes of the region and allow you to immerse yourself in a world of relaxation.

HAUTE CUISINE AT THE "POST" 5 Stars for your senses

In the "Post" kitchen, traditional delicacies blend creatively with cosmopolitan influences. Only the best ingredients are used by the "Post" kitchen team under the direction of Michael Rieser to create true works of art. With the necessary respect and love of tradition, each dish is imbued with its very own character.

Good things need time to grow and thrive. Depending on the herd, our own farm has 25 to 30 Alpine stone sheep. After a happy life on the mountain pasture, they are used for delicious dishes at the "Post" kitchen. This guarantees the best quality and authentic regionality during your gourmet holiday at the Arlberg.

EXCELLENT FOOD & A SENSE OF WELL-BEING

The different restaurants and Stuben at the "Gasthof Post" are individually designed and combine an alpine atmosphere with culinary excellence from our kitchen. You are guaranteed to find your personal favourite spot with us.

REGIONALITY ON THE PLATE

Mountain hunting plays a major role in our latitudes. It serves to preserve the native wild animals and their habitats.

Florian Moosbrugger has been a passionate hunter himself for many years and so it happens time and again that local game that he has shot himself can be found on the "Post" menu.

Schloss Gobelsburg

Schloss Gobelsburg, the oldest winery in the Danube region of Kamptal, looks back on a documented history of winegrowing dating back to the 12th century. Over the centuries, the monks cultivated vineyards in the very best locations in Austria.

Today, the winery concentrates on the typical wines of origin of the Danube appellations in the three categories of regional, village and single-vineyard wines - including world-famous names such as Ried Heiligenstein and Ried Lamm. Sustainable viticulture has always been a matter close to the heart of the vintners. The vineyards are tended with care and consideration, from pruning to foliage work. In autumn, when the leaves are already turning golden in October and November, the grapes are harvested by hand into small crates and carefully brought to the cellar for further sorting.

The sweet wines from Gobelsburg are a small but fine speciality. All levels of Prädikat wines are produced here, as well as regular Eiswein. The winery is also known for its dedication to historical winemaking, which is expressed in the wines called "Tradition".

ARCHITECTURE WITH A PURPOSE

The "Dorfhus" and the "Lechwelten"

The "Dorfhus" houses both the municipal administration and the Lech Zürs tourist office as well as a post office. This creates a central point of contact for locals and guests alike. At the reception on the ground floor of the Dorfhus, which is a combination of a citizens' service counter and tourist information centre, all questions and concerns can be answered quickly and easily. In addition, a library will be set up on the ground floor to facilitate spontaneous meetings and invite people to linger.

The Lechwelten

The centrepiece of the second building is the "Lechwelten", which is intended to establish itself as an event and cultural centre for the community. With a large festival hall, it offers space for various types of events such as concerts, conferences, company celebrations and weddings.

With the Dorfhus and the Lechwelten, the municipality of Lech has taken a significant step towards developing a lively village centre: a place is being created that facilitates encounters and serves as a cultural centre and event venue.

WHERE CULTURE IS LI(O)VED Events in Lech

The Lech Zürs region is not only known for its beautiful scenery and high-quality tourist attractions, but also for the cultural inspiration it generates.

For many years, there has been a thriving cultural scene in the mountains, which is highly appreciated by all guests with an interest in art and culture. Top-class events perfectly round off your summer holiday in the "Post".
